

SAYS THAT CRIPPEN THOUGHT OF SUICIDE

Trial of the American Physician and His Companion Begins at Bow Court, London—Inspector Dew Makes Caustic Comments on the Journalists That He Met at Quebec

Canadian Associated Press.
London, Aug. 20.—Inspector Dew's comments on the methods of transatlantic journalism are highly amusing, although somewhat pungent with feelings. He declared that it was quite a pleasure to meet English pressmen once more, as they were gentlemen.

Immediately Judge Marshall told his sent today at Bow street police court, Crispin and Ethel Levene entered the court. Crispin's mouthpiece was freshly grown, and gray hairs were plainly visible in his stubble beard. Miss Levene wore a heavy blue veil which she raised on saying anything to the magistrate. Crispin and the girl were calm and collected. They listened intently to the questions they leaned on the dock rail, quivering at the end.

While Inspector Dew was giving evidence as to the arrest Crispin followed forward and spoke to Newton, his counsel. The latter asked Dew if the prisoners had been arrested by him on July 23, Dew replied that they were really arrested by the Canadian police. Inspector Dew then told Newton, Dew said the prisoners gave absolutely no trouble. Newton's reply was to be allowed to read the evidence was refused.

Contemplated Suicide.
During the proceedings, Inspector Dew, who brought the prisoners back from Canada, introduced evidence that would show that Crispin contemplated suicide while at sea, following his flight from which Crispin was quoted as declaring that the "companion knew nothing" and that Crispin was "not a criminal." Miss Levene is said to have protested against the inference. Newton's interest in the character of the formal charge as the warrant for the arrest was refused.

LIQUOR FIRES INDIAN BLOOD AND A MURDER IS THE RESULT

Had Not Touched Liquor for Nine Months Until It Was Brought to His Home by a Trader—Quarrel Followed and the Murderer Returned From Boat With a Smoking Gun in His Hand—Two Had Been Friends From Childhood.

Saskatoon, Aug. 20.—On Saturday Mr. Hope was charged before Magistrate Daly with the murder of Frank Walter Smith at Black Bear fishing station, Lake Winnipeg. The deceased's wife said she and the victim were drinking until last Christmas, but had not touched liquor since. She told of trader Dave Chastellaine bringing whisky out to his house and the subsequent quarrel and dinner which had prepared.

A quarrel between Chastellaine and Hope followed which was interrupted by rushing out to the launch where he would murder the trader. Smith seeing the danger, fled to the boat.

CANADA IS BEING LARGELY ADVERTISED IN ENGLAND

The Art Exhibition and Visit of Cricket Team Teach Residents About Dominion—They Are Beginning to Learn That It Is Not a Wilderness—Some British Colonies Are Labeled as Great Britain by Some Manufacturers.

London, Aug. 20.—At the Walker Art gallery, Liverpool, the English art world has had the opportunity of seeing an assemblage of paintings, sketches and photographs of the people of Canadian R. C. A's, which has been an eye-opener as to the growth of a leisure class in the Dominion which can afford to develop its talents in this field of activity. The one seen in how wide a field Canada is being advertised.

The average Englishman knows its government bodies and its active railway policy departments.

One might mention also the mission of Admiral Kitchener, which must impress upon the British public the importance in which Canada is taking up the burden of empire.

Capital and Labor Campaigns.
The cry is, "Bill of Rights for the Millionaires of Empire!" Next week Sir Jas. P. Whitney is expected to further stimulate the abundant activities of his province in pressing his claims upon the attention of capital and labor.

Mr. McLean Goldie arrives today to inaugurate another campaign in the same direction for New Scotia.

The tour of the Toronto Zingari circus team is another factor in the popularizing the Dominion in England and its cricket playing areas in England. The average Englishman devotes so much time to sport and has so many opportunities for indulging in games and contests of all kinds that he is often curious and skeptical as to how he is to fare in this respect in a "booming colony."

That the Zingari is a good M. C. team all up indicates that the circus may feel strong enough to compete in

RETURNING FROM BARREN LANDS

Dr. Wheeler, noted Scientist, Has Spent a Year Studying Flora and Fauna

Dr. Wheeler, of Buffalo, the noted scientist and hunter, arrived at Half-Way Lake, midway between Edmonton and Athabasca Landing, this morning.

Over the past year Dr. Wheeler has been studying the nature of flora and fauna in the barren lands in the extreme north. He left the Hudson Bay transport near Port McMurray and walked all winter through the seven days.

Dr. Wheeler is preparing to return next year and will go in either by Churchill or Prince Albert. The car has been returned to the Hudson Bay and the Indians around Port McMurray are doing well.

Hilg and Nagle, fur traders, will arrive at Half-Way Lake next Monday from the north, where they have not stirred from their couches since they left a room that had been built for them.

BIG CROWD WELCOMES QUEEN'S OWN RIFLES

Colonel Pellatt, Replying to Address of the G.O.M., Says That Alberta is the Magnet for Soldiers of the Anglo-Saxon Race.

London, August 20.—Although arriving late, the Queen's Own Rifles of Canada were not disappointed with the great crowd which came to meet them at the station. The Queen's Own Rifles of Toronto were accompanied by the 1st Battalion, 1st Brigade, 1st Division, 1st Army Corps, 1st Army.

Replied to the council's address, Colonel Pellatt said the world has been altered as a magnet for soldiers of the Anglo-Saxon race. That was why the Queen's Own Rifles were there.

The G.O.M. were only one unit, but they represented a citizen army ready and willing to take part in the defense of the mother country when required. Five bands playing the regiment in the camp through decorated streets lined with enthusiastic spectators. No regiment ever saw a welcome.

The Express says the visit of Canada's crack regiment is an event of real historical significance. It assures the Queen's Own Rifles that the warmest welcome is being given to them.

They found that Haller came to his death from a gun shot wound in the chest. The bullet entered the police with the discharge of the revolver. The bullet entered the police with the discharge of the revolver.

G. T. P. LINE TO BATTLEFORD.
Star reporter on the record of his visit there a few days ago.

"You see this station which we are going to build a branch line from Battleford to Battleford."

Charles M. Hays, president of the Grand Trunk Pacific, to a Winnipeg Star reporter on the record of his visit there a few days ago.

Mr. Hays stated that the proposed Winnipeg-Battleford branch would probably come in a short distance east of the town, "but," he said, "you will get the traffic."

Mr. Hays congratulated President Morrison of the board of trade, upon the enterprise Waterloo had shown in maintaining an exhibit at the exposition.

He remarked that Waterloo was the only town along the line that was doing so.

"The surveyors are at work now in this year. That will depend, however, upon the state of the labor market. We have found great difficulty in getting our men."

TROUBLE IS FOUND WITH CITY PHONES

Complaints Received and Commissioners Say the System is Not Up To What It Should Be

During the past few weeks there have been a large number of complaints in connection with the automatic telephone service. These have reached the ears of the city commissioners and they have had considerable trouble as well with their phones in the city office.

The commissioners are now taking steps to ascertain whether the blame lies with carelessness or incompetency in the central office or in the result of the system itself.

Beginning this morning, the telephone department has taken the matter up with Scott Griffith, of the central office, who is not "writing it off to the whole."

By this means the commissioners hope to get at the bottom of the trouble and secure a remedy if such can be found.

JEWISH BANKERS HAVE COLONIZATION SCHEME

Synagogue of European Financials Contemplate Bringing Thousands of the Prospective Jews of Lower Russia to the Land of Northwest of Edmonton. Two Hundred Thousand Acres are Required for the Contemplated Scheme.

A huge colonization scheme for the bringing of thousands of the prospective Jews of lower Russia on the broad acres of Northwestern Canada scheme said to be backed by the wealthiest and most prominent Jewish bankers of France, England and Germany is declared to be well under way, according to information vouchsafed today.

Representatives of a syndicate working to this end have been in Western Canada for several weeks, making quick inquiries as to suitable localities.

Heavily Backed.
Bankers such as the Rothschilds are declared to have committed themselves to the scheme, and to have offered large sums from which they will expect to return for ten or twenty years. The movement is not without business sense, as the immigrants will be expected to make full return for the temporary help they will receive, but on the other hand they will be given free passage, will be placed on farms that will be more or less prepared for their coming and will be given such other aid as may be found necessary to give them a proper foothold in the new land.

The informant who gave particulars of the scheme this morning stated that representatives of the syndicate were in London some six weeks ago, making inquiries from the Colonial office, and at the offices of the High Commissioner for Canada. They wanted a tract of at least 100,000 acres in Western Canada. Since then he has learned that the representatives of the syndicate have been looking over lands northwest of Edmonton.

THE FUTURE OF THE WEST IS AFFECTED BY FOREST FIRES

Destruction of Young Timber in British Columbia Has Been Very Heavy This Summer—The Loss Has Been Largely to Standing Timber—Some Most Disasters in History of the Kootenay District.

The fire situation is becoming daily less acute and the probability of loss to property, aside from that in standing timber, is lessening day by day.

Future Abated.
The loss to standing timber in the district during the summer just closing has been heavier than during any year, excepting the destruction two years ago in the Elk valley. These losses were much less than first reported, and it is estimated that the total, as far as actual present destruction of the forest is concerned, is not so great as was at first reported. Unfortunately this does not mean that the future of the district is not so bright as it once was.

EDMONTON WON AND LOST ON SATURDAY

Calgary Was Easy for the Visitors in the Afternoon, But in the Evening Edmonton Led by a 1-0 Score. Good Hitting Won Afternoon Contest.

In Edmonton's second inning in the afternoon Spencer got to first on a fumble by Connors. Brennan sacrificed, Walter biffed out a two-bagger, but didn't touch first and was not out. Spencer scored. Cox hit to centre and got second on a wild pitch. Dollar went out short to first. Cox ran.

ECKSTROM'S DECISION HAS BEEN APPEALED

Western Canada League Case Will Hear to Show Cause Why Three Leagues Games Should be Thrown Out—Edmonton Can Still Win Out.

The disallowance by President Eckstrom of the three games won by Lehigh on Wednesday last is the latest effort of the individual and irresponsible head of the Western Canada League. The president would apparently be glad of an opportunity to knock Edmonton's chance of winning the pennant into a cocked hat, but he has gone the wrong way about it this time. In Calgary, he has been landed to the elbow for his "populism," his "decision," but a different view of his ruling is taken by people in Edmonton who understand the situation.

In the first place, it is no unusual thing for three games to be played in an afternoon when for any cause the schedule has been interfered with. There is no opportunity of postponing the game. It has been done frequently in the big league. Newark was the recipient of three games in the afternoon by playing four six inning games in one.

President Eckstrom is reported as saying that the whole thing was a "frame-up" and as denouncing in strong language the principals of the two teams. He is not a fair umpire. He is not a fair umpire. He is not a fair umpire.

It is easy for Calgary and Winnipeg to say a "frame-up" when Edmonton outplayed them in the race to win three games in a day, but how President Eckstrom is to take up the horn and cry, and against the team of his own city, in hand to hand. There is not a particle of evidence that anything approaching a "frame-up" was going on. The agreement that three games should be played is considered such. The game was well contested by people in Edmonton who understand the situation.

The evening might be ideal for the benefit game which had been advertised for a week between the Edmonton team and the local semi-pro team. Edmonton played four games in the one day.

Appeal from President Eckstrom's decision has been made to the ruling body of organized baseball, the National Commission, and there is little doubt when the facts are fully placed before the commission that the appeal will be allowed and the decision of President Eckstrom overruled.

But even so things stand now, counting out the three games won from Lehigh on Wednesday last, Edmonton has a chance for first place in the league. The standing of the three leading teams at the present time is as follows:

Calgary 33 13 717
Edmonton 32 12 708
Winnipeg 29 15 620
The championship of this division depends partly upon the three games to be played at Calgary on Monday, Tuesday and Wednesday of the week.

By winning two of them Edmonton will win the championship from Calgary. Winnipeg, by losing to Brandon on Saturday, drops out of the running. Should Edmonton win all three, it will remain for them to play with Edmonton, which will then be the final game, the standing of the three first clubs would then be as follows:

Winnipeg 33 13 717
Edmonton 32 12 708
Calgary 29 15 620

Winnipeg 33 13 717
Edmonton 32 12 708

PERSONAL

V. A. Bertinger has returned from his holiday.

Mrs. E. K. Ritchie has returned from a visit to the coast and will take up residence at the Le Marchand mansion.

George B. O'Connor, Gerald O'Connor and Mrs. O'Connor have returned from Vancouver, where they spent the summer at their cottage.

Frank Wilson and his wife will leave for his home at Lethbridge, Lethbridge and Medicine Hat. He will return with him to Edmonton at the latter part of the week.

BANQUET TO CORNWALL PARTY. The Edmonton board of trade will tender a banquet to J. K. Cornwall and his press party this evening at 8:30 p.m. in the King Edward hotel.

Mr. Cornwall and the pressmen who accompany him, are expected to arrive from the north this afternoon.

TIME TABLE AGAIN CHANGES. Commencing this morning, owing to resuming paving of tracks on Jasper avenue, the interests of the street will again be placed on a temporary basis by giving a 20-minute service on the Strathcona line, transferring at Jasper and Ninth. This is about the service as was given during operation before the exhibition period.

RECORD BREAKER FOR RAILWAY. Last week was a record one for the Edmonton street railway. During the first days of the fair 53,000 passengers were carried on the exhibition route.

The Strathcona route also showed a marked increase, the maximum being 12,144 on Thursday, while 15,144 were carried on the exhibition route.

During the whole week 121,444 passengers were carried, and the total receipts amounted to \$5,440.00. The weekly tables show the number of passengers carried each day of the week and also the total receipts:

Passengers.	Receipts.
Sunday	12,144
Monday	12,144
Tuesday	12,144
Wednesday	12,144
Thursday	12,144
Friday	12,144
Saturday	12,144

MEETING WELL ATTENDED. There was a large attendance at the temperance meeting held at the Strathcona theatre on Sunday afternoon under the auspices of the Temperance Society.

When Dr. Edgar Allen gave an address on "The Action of Alcohol on the Human Body." His clear and outspoken manner in dealing with the subject was warmly received. Taking his illustrations from which he had come in contact during his practice he showed the harmful effects of the use of alcohol had upon families, showing them in different forms, such as insanity, paralysis, etc.

The medical profession was rapidly changing its methods in treating diseases without recourse to alcohol, which once could have been impossible. J. H. King was the soloist and the chair was taken by J. J. Hillon. Next Sunday it is expected that a temperance film will be shown.

SCHOOL PENS TODAY. "Ma, wheres my cap?" "What you foolish, Tommy, or I'll punch your head."

"Well, if you don't make him stop, Ma, I'll just have to let him be sorry to school—first day, anyhow."

"What time is it?" "Gee, just five minutes to first bell, Good-bye, Ma. Say, what'll we have for dinner?"

"All right that's good. So long."

And off they go for school re-open today—Mary and Nellie, Tom and Harry—thousands of them from thousands of homes. Many mothers will feel a sense of relief as they watch their boys and girls go to school; but will hope for their success as scholars; will fight, some of them against the oppression of imaginary dangers; and all of them, it is to be hoped, will welcome the children joyfully when the school day ends. Some mothers will recall with joyful regret the days—how near they will seem—when their sturdy boys and girls were helpless infants; just babies to be cradled and cared for with infinite tenderness. And with some, there will be the aching sorrow that comes with every thought of the little ones who did not live to school days; and there will be the mental struggle to picture them as they would have appeared joining in the rush to be early today.

PERSONAL. A. H. Dushak, formerly of St. John, N.B., or any one who knows his present address, will do well to write immediately to Box 184, Saskatoon, Sask. Matters of vital importance are invited.
